ACD Systems Makes Screen Recording and Video Editing Easier Than Ever

ACDSee Video Studio 2 is value-based video editing without the learning curve.

VICTORIA, BC (December 8, 2016) – ACD Systems launches the latest edition of their video editing software. ACDSee Video Studio 2 allows users to create, edit, split, trim, and merge audio and video recordings to build the ultimate viewing experience. Engaging students, employees, and customers is made seamless with ACDSee Video Studio 2. Users can record lessons, lectures, and presentations, or connect with target markets through video pitches, trailers, commercials, sneak peeks, featurettes, and B2B presentations.

New Features

- Webcam recording along with screen recording
- Multiple Audio Tracks
- High resolution recording with HD results
- Streamlined, easy-to-use interface

Availability

ACDSee Video Studio 2 is available for a 1-month free trial at http://www.acdsee.com/en/products/acdsee-video-studio, where users can also find system requirements and additional information. ACDSee Video Studio 2 is available for a one-time purchase of $59.99, or as part of an ACDSee 365 subscription plan starting at $6.90/month.

For a full list of new features and improvements, please refer to the ACDSee Video Studio 2 release notes: http://www.acdsee.com/en/support/acdsee-video-studio/release-notes/2

About ACD Systems International

ACD Systems is one of the largest independent digital image editing and management companies in the world. Founded in Texas in 1993, ACD Systems revolutionized the relationship between analog and digital information. Now based in Victoria, B.C., the company also has offices in Fort Lauderdale, Miami, Vancouver, B.C., and Nanjing. Current products include ACDSee Ultimate, ACDSee Pro, ACDSee, ACDSee Photo Studio for Mac, Canvas Draw for Mac, and Canvas X, a technical illustration tool used by engineers and GIS professionals. ACD Systems' customers include General Motors, Caterpillar, Boeing, NASA, CNN, and other leading organizations.
