

ACDSee, the world's fastest and greatest DAM + Image Viewer, now has a free version.

Victoria, BC (July 13th, 2022) Today, ACD Systems International launches ACDSee Free, the powerful, quick, and completely free RAW file browser and viewer for photographers. With ACDSee Free, your photos have never been easier to access and view directly from your hard drive. Utilize cutting-edge tools and features such as the ability to view all file formats including RAW image files, or quickly scrolling through tens of thousands of photos without needing to import a single file. Effortlessly access a plethora of file types without the need to install extra plug-ins or extensions, and keep track of your files, your way.

ACDSee Free Top Features:

- **View RAW Camera File Formats:** Raw image files are essentially digital negatives. With ACDSee Free, RAW files can be viewed just the same as other image files, like JPEG or PNG.
- **Quickly Load Thousands of Photos:** Needing to import photos is a thing of the past. ACDSee Free connects directly to your computer drives, allowing you to search, sort, and view thousands of photos in mere seconds.
- **View hundreds of File Types:** Media comes in many shapes, forms, and most importantly: file types. In addition to photos, you can also view videos, Microsoft Office™ documents, and even PDFs.
- **Easily Create Slideshows:** Select the files you want to see, then sit back and watch the journey unfold.
- **Batch Rotate and Flip:** Tired of rotating and flipping one image at a time? Experience the power of batch processing by rotating and flipping multiple photos at once.
- **Click and Share with SendPix:** Built by ACDSee, SendPix is a free media sharing app seamlessly incorporated into ACDSee Free. Select and send to share your fondest memories.
