

ACD Systems Marks 30 Years of Innovation by Supercharging the Latest Edition of their Flagship Software, ACDSee Photo Studio Ultimate 2024, with AI-Powered Features and Significant Improvements.

VICTORIA, BC (September 6, 2023) - After an incredible 30 years of development, ACD Systems international has launched the 2024 edition of its flagship software, ACDSee Photo Studio Ultimate 2024. To continue the tradition of enhancing innovative possibilities for creatives of all levels and styles, Ultimate 2024 has received numerous updates. Most notably of these are three new Artificial Intelligence (AI)-powered features: AI Keywords, AI Sky Replacement, and the AI Object Selection tool, as well as a new non-destructive Masking group in Develop Mode. These features and more bring a new edge to your toolkit, giving you more freedom to capture and share your vision.

"Technology is constantly evolving, and we're committed to staying on the cutting edge with you. By taking advantage of the latest AI Features and improvements, as well as the ever-expanding library of tools such as the new Masking group in Develop Mode, creators and photographers will find they can see and accomplish more, all while spending less time hunting for what they need. Photo Studio Ultimate 2024 is your key to a new horizon of possibilities." - Frank Lin, COO & CTO.

ACDSee Photo Studio Ultimate 2024 is now available for pre-order and will be available to buy outright and with a subscription model in late September 2023. Creators and photographers from all walks of life are encouraged to further their craft through the powerful, easy-to-use software.

Top Features:

- AI Keywords
- AI Sky Replacement
- AI Object Selection Tool for Edit Mode
- Non-destructive AI Select Subject/Background/Sky in Develop Mode
- Develop Mode Masking group
- Flow, Opacity, and Jitter control for brushes in Edit Mode
- Improvements to Select Subject and Select Sky in Edit Mode

Over the past 30 years, ACDSee has gained a loyal following for its Photo Studio products, which continue to lead the industry thanks to their superior Digital Asset Management and Photo Editing Features. With the Ultimate 2024 edition, ACDSee is excited to carry on the tradition by building on the success of some of its most loved features, including:

- AI Face Edit
- Layered Editing
- Face Detection & Facial Recognition
- Powerful Batch Tools
- RAW Development
- Light EQ™
- Photomerge: Panoramic Stitching, High Dynamic Range (HDR), and Focus Stacking
- Pixel Targeting
- Color & Tone Wheels
- Liquify Tool
- RAW support for 700+ cameras

Availability:
Late September 2023
